

Esse Serum Comparison

									
	Resurrect Serum	Hyaluronic Serum	Pro-Sun D Serum	Bakuchiol Serum	Ageless Serum	Intensity Serum	Probiotic Serum	Sensitive Serum	Clarifying Serum
	A light serum with Bakuchiol and Myrothamnus to address ageing in sensitive skin.	A light gel serum with high-dose Hyaluronic Acid to improve fine lines and wrinkles.	A light sun-activated serum with Provitamin D to boost skin's Vitamin D levels with less time in the sun.	A super-light creamy serum with 1% purified Bakuchiol to improve wrinkles and pigmentation.	A multi-active blend to target all the signs of ageing.	Spilanthal from Acemella extract reduces wrinkle depth within hours.	A synergistic blend of live probiotic bacteria to increase skin firmness and elasticity.	An oil-based serum with Live Lactobacillus to restore barrier function and reduce redness.	Activates Clarifying Oil by releasing live Lactobacillus microbes and creating optimum growth conditions.
